WJCC'S 2009-10 SAT RESULTS CONTINUE UPWARD TREND

Williamsburg, VA, Sept. 14—W-JCC's graduating seniors in 2009-10, on average, turned in the best SAT scores in five years in all three Scholastic Aptitude Test (SAT) categories of critical reading, mathematics and writing, continuing an upward trend that began in the 2005-06 school year.

The 437 WJCC students who took the test exceeded the national and state averages, with all three high schools showing improvement in every category.

"These test scores confirm the fact that continuous improvement is occurring across the board in our schools," noted W-JCC Acting Superintendent Scott A. Burckbuchler.

"We are pleased with the results, and we thank all teachers, support staff and students for the hard work that was necessary to achieve this outcome.

"At the same time, we dedicate ourselves to continuing to make improvements on behalf of our community's students."
