## **PUBLIC CONSULTING GROUP ISSUES INTERIM STRATEGIC PLAN REPORT CONTAINING DATA FROM SURVEY; NEXT STEPS OUTLINED**

**Williamsburg, VA, Feb. 7** – The first major phase of WJCC’s Strategic Plan effort culminated Tuesday with the Public Consulting Group’s presentation to the WJCC School Board of an interim report that analyzes data collected from more than 20 community forums and focus groups, as well as the more than 2,000 responses received from an online survey, all of which took place over the last three months.

The 15-member Strategic Plan Steering Committee will convene Wednesday, Feb. 8, to begin discussing the report, and recommending a set of goals to be implemented beginning July 1.

“The interim report is a key document for us, because it collates and analyzes the findings of an intensive three-month data collection period across the division,” said WJCC Superintendent Dr. Steve Constantino. “The second phase of the project will begin Wednesday night when our Steering Committee begins forming its recommendations based on what they see in this report. In the coming weeks, the Committee will establish goals and priorities for our division’s future that will once again be distributed through our staff and community for broader feedback.”

The report can be found on WJCC’s website on the home page, and on the Strategic Plan web page.
