

Skeletal System

Can you guess the bones?

The largest bone in the body?

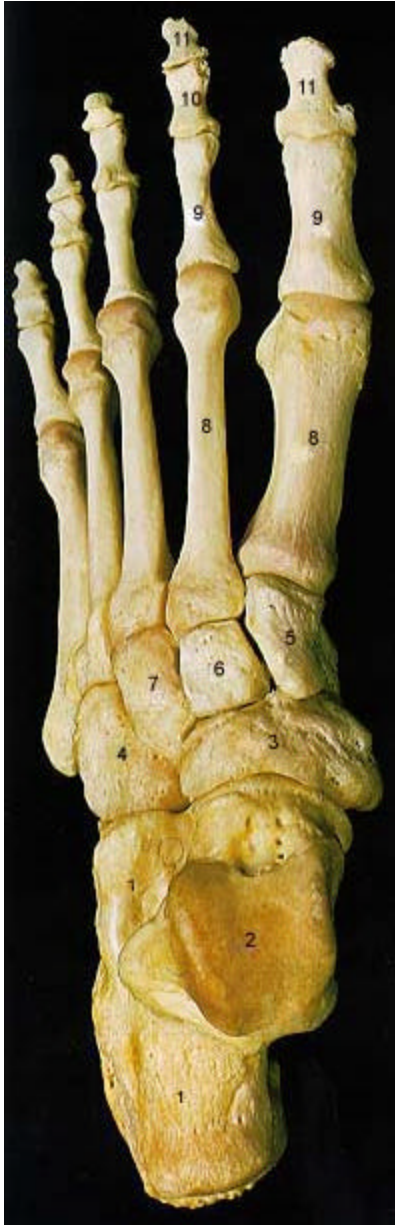

Name the #10
bones.

They call this
the shoulder
blade.

Name bones 4, 5, 6, 7.

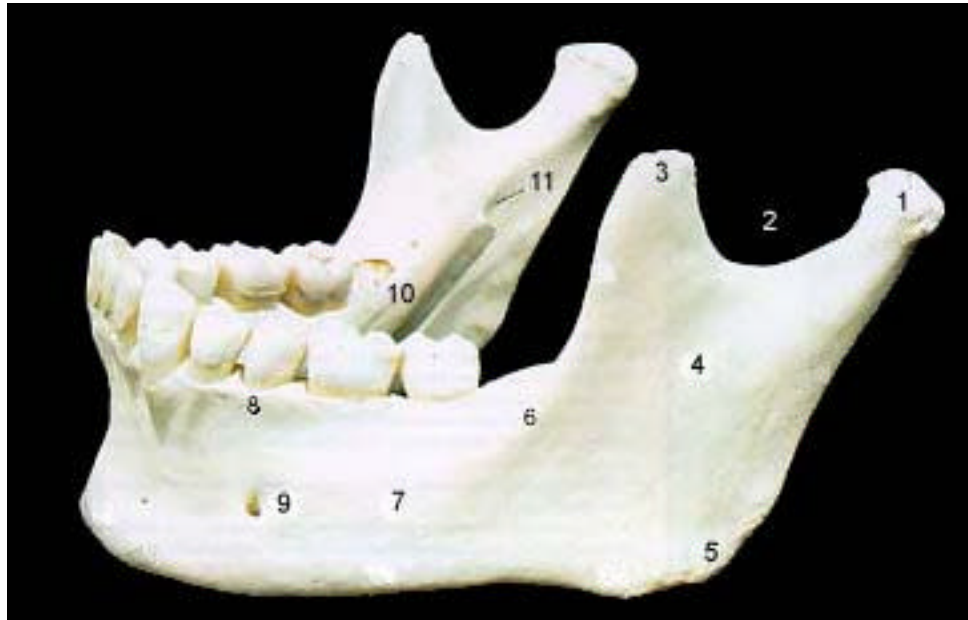

Hint: a forearm bone.

Hint: in the thorax.

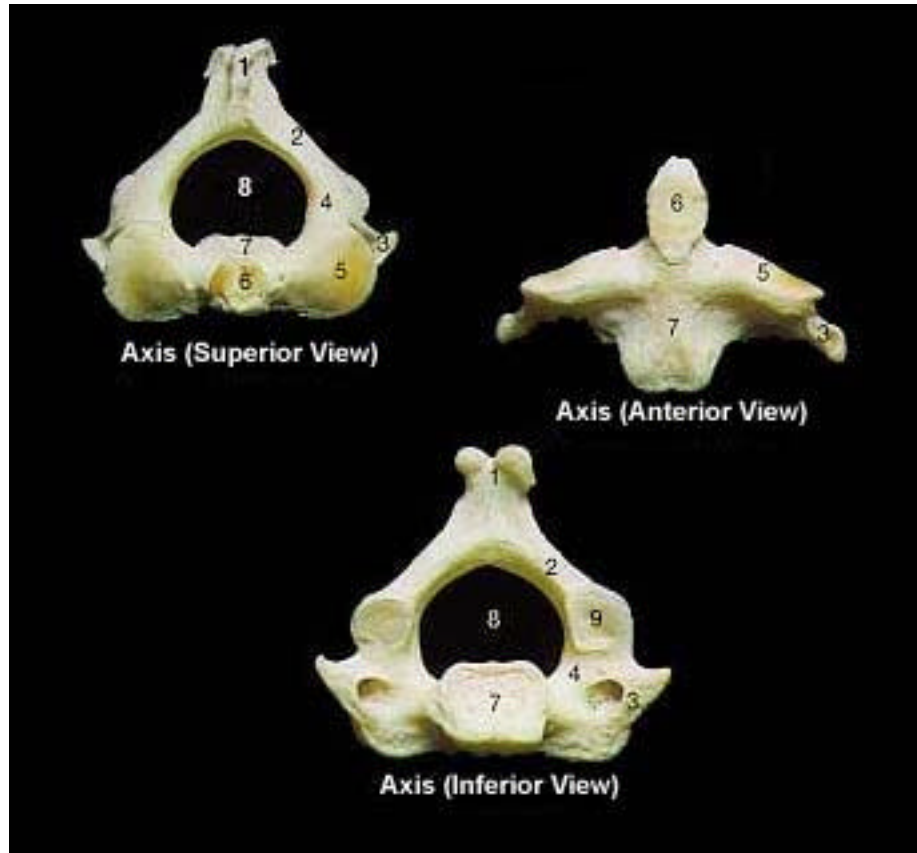

This one helps you chew.
(Not the teeth!)

Helps hold the ribs.

Lots of these in your back.

This arm bone is not
funny.
