

Building Community

Warhill High School's theme for the year is "Building Community." Our efforts, this year, will primarily be focused on building community among our immediate faculty and staff. As a relatively new high school, we are still just getting to know one another both personally and professionally. We believe this personal and professional familiarity will accentuate how we serve and assist students and families. We expect that once this developed sense of community is established among our faculty and staff that it will expand to encompass our student body, their families, and ultimately the community at large.
